Grow together, Learn forever

Remote Learning Code of Conduct Agreement (Parents)

I will ensure my child only uses school technology for school purposes as directed by the teacher.

I will support my child in using Class Dojo and google classroom regularly, to keep track of online sessions and learning.

I will support my child by setting up a structured timetable for the day that may mirror the school day to ensure learning continues at home. I will aim to make their learning space quiet, safe, public and free from distractions.

I will monitor my child's communication with students, teachers or others using technology to ensure it is responsible and sensible.

I understand that while my child uses Class Dojo, Google Classroom and other applications provided by the school that usage can be monitored and logged and can be made available to staff.

During live lessons, I will ensure I am in the vicinity of my child, either in the room or a nearby room, with the door open.

I will ensure my child is dressed appropriately for learning, is punctual and remains attentive during any live sessions.

I will not share resources or videos created by teachers with anyone.

I will not record or take photos of students or teachers during a face-to-face session.

I will not share any school content on social media platforms.

If audio/video conferencing is used, I understand that this might be recorded by the teacher only in order for this to be forwarded to any pupil who missed the live conferencing.

If my child for any reason cannot complete their work when it is due, I will inform the teacher through class dojo and submit the work as soon as possible.
